🔍 Outbound Campaigns ✓ Preview, progressive & predictive dialing ✓ Compliance & DNC management ✓ Campaign performance tracking ✓ Automated voice & SMS campaigns	🔍 Integrations & APIs ✓ CRM integration (Salesforce, MS Dynamics) ✓ Event-driven & microservices architecture ✓ REST/GraphQL API orchestration ✓ Genesys AppFoundry solutions ✓ Custom connector development	🔍 Cloud Migration ✓ Genesys Engage → Cloud CX migration ✓ Avaya / on-premise to CCaaS lift ✓ Phased migration planning ✓ Risk assessment & rollback strategy ✓ Post-migration support & optimization

OUR VALUE PROPOSITION

🔍 Cost Optimization

Migrate to AI-enabled Cloud CX and reduce operational costs by automating routine inquiries, eliminating on-premise infrastructure spend, and optimizing licensing across your contact center footprint.

🔍 24/7 AI-Powered Agent Coverage

Deploy Intelligent Virtual Agents & AI copilots to provide round-the-clock customer support without agent fatigue. Hybrid human-AI teams maximize availability, reduce wait times, and maintain service excellence 24/7/365.

WHY CHOOSE VRISETECH?

- ✓ **Genesys-Certified Expertise:** Architecture, routing, AI, and CX strategy
- ✓ **End-to-End Delivery:** From requirement gathering to go-live and hypercare
- ✓ **Migration Specialists:** Proven track record in on-prem to cloud transitions
- ✓ **AI-First Approach:** IVA, copilots, speech analytics built into every solution
- ✓ **Full-Stack Cloud Architecture:** Cloud-native, API-driven, event-based systems
- ✓ **Unified Communications:** Voice, digital, messaging — all in one platform
- ✓ **Interaction Recording:** Compliance-grade QA and call recording solutions
- ✓ **Flexible Engagement:** Project-based, staff augmentation, or managed support

GENESYS CLOUD LICENSING ADVISORY

We help you choose the right Genesys Cloud CX license tier (CX 1, CX 2, CX 3) aligned to your business needs — ensuring maximum ROI without over-licensing. Our team evaluates your use cases across voice, digital, AI, WEM, and analytics to recommend the optimal subscription. Refer to the official Genesys licensing page for full tier details: genesys.com/genesys-cloud/pricing
